

## **FOR IMMEDIATE RELEASE**

### **HERSHEY TECHNOLOGIES RECOGNIZED AS A CARDIFF 2008 CHANNEL PARTNER PRESIDENT'S CLUB AWARD WINNER**

*Ten US Channel Partners Honored for Being the Best Cardiff Channel Partners Nationwide*

**San Diego, California – December 20, 2007**– Hershey Technologies ([www.hersheytech.com](http://www.hersheytech.com)) today announced that the company was selected as a Cardiff 2008 Channel Partner President's Club member. The ten honorees were selected from a list of hundreds of Cardiff Channel Partners Nationwide for their outstanding performance in 2007.

"As I travel the globe and meet with our partners, one thing becomes clear; we have world class channel partners," said Mark Seamans, CEO, Autonomy Cardiff. "At our annual Partner Summit next month I will have the honor and the privilege of recognizing our top nationwide performers for 2008."

The Cardiff Presidents Club members are an exclusive group of partners who meet a specific set of requirements, which are designed to identify the best channel partners in each region based on revenue, best practices, customer satisfaction and specialization.

#### **About Hershey Technologies**

Hershey Technologies ([www.hersheytech.com](http://www.hersheytech.com)) based in San Diego, California since 1991, provides business process automation technology products and decision support services to government and commercial organizations. Our goal is to enable clients to realize improved organizational efficiency and or meet the compliance objectives through our service engagement.

Hershey Technologies excels in the application of document automation technologies that include: document imaging, automated document OCR recognition, eForms, business process management, workflow, and electronic document management services. In addition to our baseline technology expertise, we offer compelling industry specific process automation automations solutions in financial and human resources "document -based processes" with our *XenDocs* content management and workflow product line.

## **About Cardiff**

Cardiff ([www.cardiff.com](http://www.cardiff.com)) is a leading provider of software for intelligent document solutions that unify people, paper and process. Cardiff enables organizations to capture information from paper and electronic sources and to manage the process behind the form by embedding intelligence and enabling better visibility and control. As a result, businesses reduce operational costs, provide a rich customer experience and ensure compliance to organization and government regulation. Cardiff serves more than 8,000 customers worldwide, including many in the financial services, pharmaceutical, healthcare, education, government and manufacturing industries. Cardiff is an Autonomy Group company (LSE: AU. or AU.L).
